

Job offer:

Pharmacist

Description:

As a pharmacist within our pharmacy, your main objective will be to ensure an exceptional experience for our clients. You will be responsible for providing quality pharmaceutical care while acting as a trusted advisor for our patients. Your expertise and dedication will contribute to our mission of delivering exceptional healthcare services to our community.

Responsibilities:

- Ensure the safe and accurate dispensing of medications in accordance with medical prescriptions.
- Conduct comprehensive pharmaceutical assessments and provide informed advice to patients.
- Collaborate closely with the healthcare team to ensure comprehensive patient care.
- Perform appropriate prescription checks and report any potentially dangerous drug interactions.
- Manage medication stocks, ensure proper storage, and place necessary orders.
- Maintain accurate patient records and monitor their therapeutic progress.
- Provide guidance on the appropriate use of medications and healthcare products.
- Actively participate in disease management programs and health promotion initiatives.
- Stay informed about the latest developments in pharmacotherapy and engage in continuing education.

Qualifications:

- Hold a pharmacy degree and be a registered member of the Pharmacy Board.
- Excellent communication, interpersonal, and problem-solving skills.
- Ability to work independently while being part of a collaborative team.
- Attention to detail, accuracy, and professionalism in all tasks.
- Opportunities for career advancement.

Schedule:

Full-time or part-time.
